4 LAFAYETTE 2:

Service is now available in select portions and the remainder will open in 2023. Let us know you want our service at join.tipmont.com.

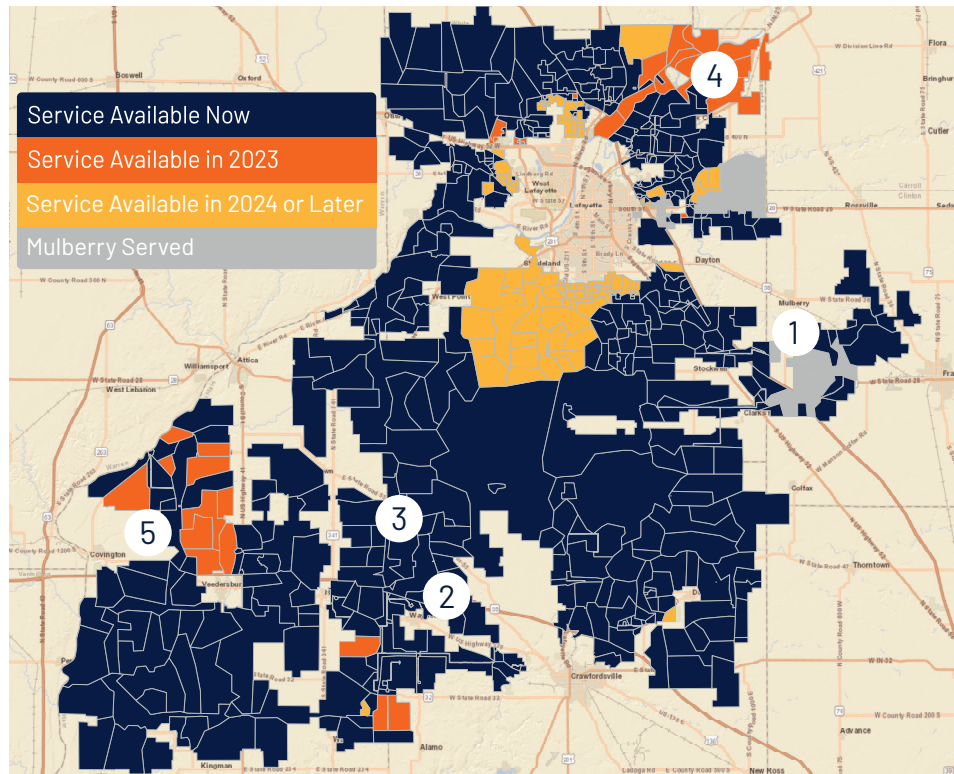

5 LAYTON (REMAINING):

Service is now available in select portions and the remainder will open in 2023. Visit join.tipmont.com and switch to hassle-free internet.

AN UPDATE FOR OUR TAYLOR CUSTOMERS

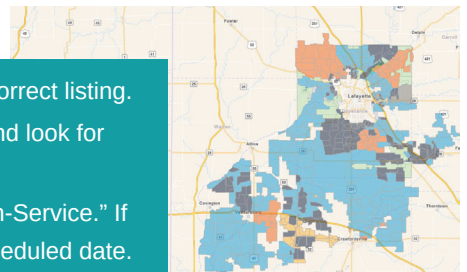

Due to delays beyond Tipmont's control in the state's distribution of grant funding, we must change the date of fiber availability in your area.

New projected service availability dates are April 2024 in TLF-1 (western) and July 2024 in TLF-3 (eastern).

Find the latest up-to-date information on your address at tipmont.com/fibermap

1. Enter your street address and click the correct listing.
2. Click just outside the box that pops up and look for the line that reads "Expected_I"
3. If you have service, it will say "Tipmont In-Service." If service is forthcoming, it will give the scheduled date.

A lack of communication regarding environmental reporting requirements forced the change, and Tipmont has made clear to state officials its frustration with this circumstance.

For updates, please see future Indiana Connection editions or visit tipmont.com/fibermap.

WE'RE BUILDING FIBER UNTIL EVERY TIPMONT MEMBER HAS ACCESS TO BROADBAND.

Don't see a number over your area? It's either already in service or on our construction schedule.

Reach out to us at join.tipmont.com or call 800-726-3953 (ext. 3) from 8 a.m. to 4:30 p.m., Monday-Friday.
